

IDESCO CORP.

KEEPING YOU SAFE AND SECURE

[WWW.IDESCO.COM](http://WWW.IDESCO.COM)

A blurred photograph of a modern office hallway with large windows and glass partitions. Several people in business attire are walking through the hallway, their figures out of focus to create a sense of motion and activity.

*For over 70 years, Idesco has been providing the highest level of service and support to protect your assets and answer your specific needs.*

*Our expertise in security integration makes Idesco the perfect partner for all your security implementations.*

*Find out how Idesco can help you keep your employees, visitors and assets safe and secure.*

# A FEW WORDS FROM OUR PRESIDENT

**Andrew Schonzeit**  
President, Idesco Corp.

*Idesco Corp. was founded in 1943 in New York as a manufacturer of identification credentials and safety tags. Today, Idesco is a leading integrator of security solutions in the Tri-State area and keeps organizations of all sizes safe and secure at all times. From design and installation to integration and service, we handle every aspect of any security implementation.*

*Our comprehensive portfolio allows us to secure any facility, from a single office environment requiring basic access identification to the world's most secure sites spanning multiple locations.*

*Our experienced team will work with you to determine the best solutions that deliver maximum protection, versatility, simple operation and cost efficiency. With over 70 years of excellence and expertise, you can rely on Idesco to design and manage your security system.*

*I personally want to thank you for your continued support and trust.*

*We look forward to serving you in the near future.*

*Best regards,*

*Andrew Schonzeit*  
President, Idesco Corp.

# OUR PRODUCTS

## TRUST A LEADER IN INTEGRATED SECURITY SOLUTIONS

Idesco has been providing integrated security solutions to the most prestigious organizations for over 70 years. Our wide array of security products include access control, video surveillance, ID badging, turnstiles, biometrics and visitor management systems.

### ACCESS CONTROL

Access control is more than card readers and cards. Idesco's systems do much more than lock doors. Our systems integrate seamlessly with the video surveillance, visitor management, and ID systems that protect your people, your assets, and your facilities. Whether you need to secure a small office in Manhattan, or a multinational corporation with offices around the globe, Idesco has the scalable solutions that you need to keep everyone safe.

### VIDEO SURVEILLANCE

From video surveillance systems for small business to enterprise video surveillance for multiple locations, Idesco has a solution to meet your specific requirements. From traditional analog cameras and digital recorders, to IP cameras controlled through secure network connections, Idesco's video surveillance technologies provide cost-effective ways to detect and deter unwanted activities while reducing security costs.

### TURNSTILES

Turnstiles are an efficient and effective way to control and monitor the flow of people in and out of your facility. Idesco has installed and serviced turnstiles in airports, government agencies, museums, pharmaceutical plants, corporate lobbies, and university dormitories. Turnstiles function both as stand-alone systems and as integral components of an integrated access control solution to help you control staffing costs at your facility's entrances and exits.

### ID BADGING

Idesco carries an extensive line of ID card printers, photo ID systems, ID card software, supplies and badge accessories. Design and issue professional badges with an ID card system fully tailored to your requirements. Our ID experts offer free consultations and will design the perfect solution for you, whether you need a few basic ID cards or thousands of secure access control badges. Plus, we support and service all systems that we sell.

### BIOMETRICS

When you need to take your security to the highest levels, Idesco is ready with biometric solutions. Fingerprints, hand geometries, and facial features cannot be loaned out, lost, or duplicated. Data farms, server rooms, pharmaceutical dispensaries, laboratories, personnel records, and military installations are just a few areas that you may need to protect with these robust technologies that fully interface with your access control system.

### VISITOR MANAGEMENT

Idesco's innovative visitor management systems track both the authorization and the movement of all visitors to keep everyone safe. Idesco offers a variety of effective solutions, including visitor registration, badge making, tracking and report writing that can be tailored to your individual needs. These systems provide an excellent complement to existing access control systems, resulting in a secure environment for employees and visitors.

VISITOR MANAGEMENT

## MANAGED SERVICES

Idesco can manage your access control system for you and help you save on your security system. Managed Services are ideal for small businesses that do not have the resources available to dedicate an individual to the oversight of an access control or video surveillance system. By outsourcing routine, non-core security management tasks such as adding and deleting users, you allow your team to focus on customer-facing operations and your core business.

## INTEGRATED SOLUTIONS

Idesco does way more than providing you with durable, innovative security products. We will design, install, support and manage your security system to keep everyone safe and secure. These services are fully customized to meet your specific needs and guarantee your satisfaction.

# FOCUS: EVENT BADGES

## PRINT PROFESSIONAL EVENT BADGES ON DEMAND

Idesco is your event specialist. We carry a wide range of ID card solutions to help you print high-quality ID badges for all your events. Concerts, awards ceremonies, tradeshows, and sports events require maximum security. From standard CR-80 PVC cards to oversized ID badges, we got you covered.

**Issue event badges on the spot to reduce lines at the registration desk, control access to your venue and ensure a smooth flow of attendees and visitors.**

### CUSTOM ID SOLUTIONS

Organizing and managing a successful event is demanding and can quickly become overwhelming. Fortunately, Idesco is here to help.

Idesco offers comprehensive ID card solutions specifically designed around your requirements. Whether you need basic IDs with the name and photo of your visitors, or access control badges to keep track of traffic at entry and exit points, Idesco has the right ID card system for you.

Plus, when you partner with Idesco, you team up with ID experts who will assist you before, during and after your events.

### OVERSIZED ID BADGES

Enhance your event security with oversized photo ID badges. Idesco carries ID card printers that allow you to personalize oversized event ID cards on demand.

Oversized photo IDs let you visually scan a crowd and

identify at a glance who has proper credentials and access rights.

Easy to authenticate, durable and highly secure, your ID badges will definitely make a lasting impression.

For more information, call Idesco at **800-336-1383** to receive a free consultation with an ID expert.

### DID YOU KNOW?

**Idesco is your source of ID badge accessories.**

Idesco stocks a large inventory of **ID badge accessories** such as lanyards, badge holders, badge reels, clips and magnets, and photo ID accessories.

Do you need unique lanyards or badge reels for your events? Let us customize them for you! Badge accessories with your logo help promote your company and enhance your brand image.

*An oversized badge personalized as a VIP pass.*

## STUNNING BADGES FOR SPECTACULAR EVENTS

*Successful events start with professional credentials.*

Make your attendees, staff and visitors stand out from the crowd with high-quality oversized ID badges. Idesco partnered with neXus, an expert in ID solutions, to provide you with a durable, affordable, and easy-to-use solution for all your event badges: the neXus XXL 2.0 ID card printer.

The neXus XXL 2.0 ID card printer is ideal to personalize oversized badges on the spot. Add a picture, logo or text to your cards and print IDs in sharp, vivid colors. Issuing durable event IDs has never been easier.

# CUSTOMERS TESTIMONIALS

At Idesco, we strive to provide you with our best-in-class service to deliver the fast response that you need. Read what a few of our customers have to say:

*"Service from Idesco's team of security professionals has changed everything for us. Idesco helped us understand the need for a standardized access control system. They have also introduced us to remote access to our cameras. This is something we use on a daily basis."*

- Thomas A. Tresselt, Associate Director of Safety and Security at Pace University.

*"When I call, they are here. The turnaround time on service calls, and also calls on new products, are always handled in a prompt manner."*

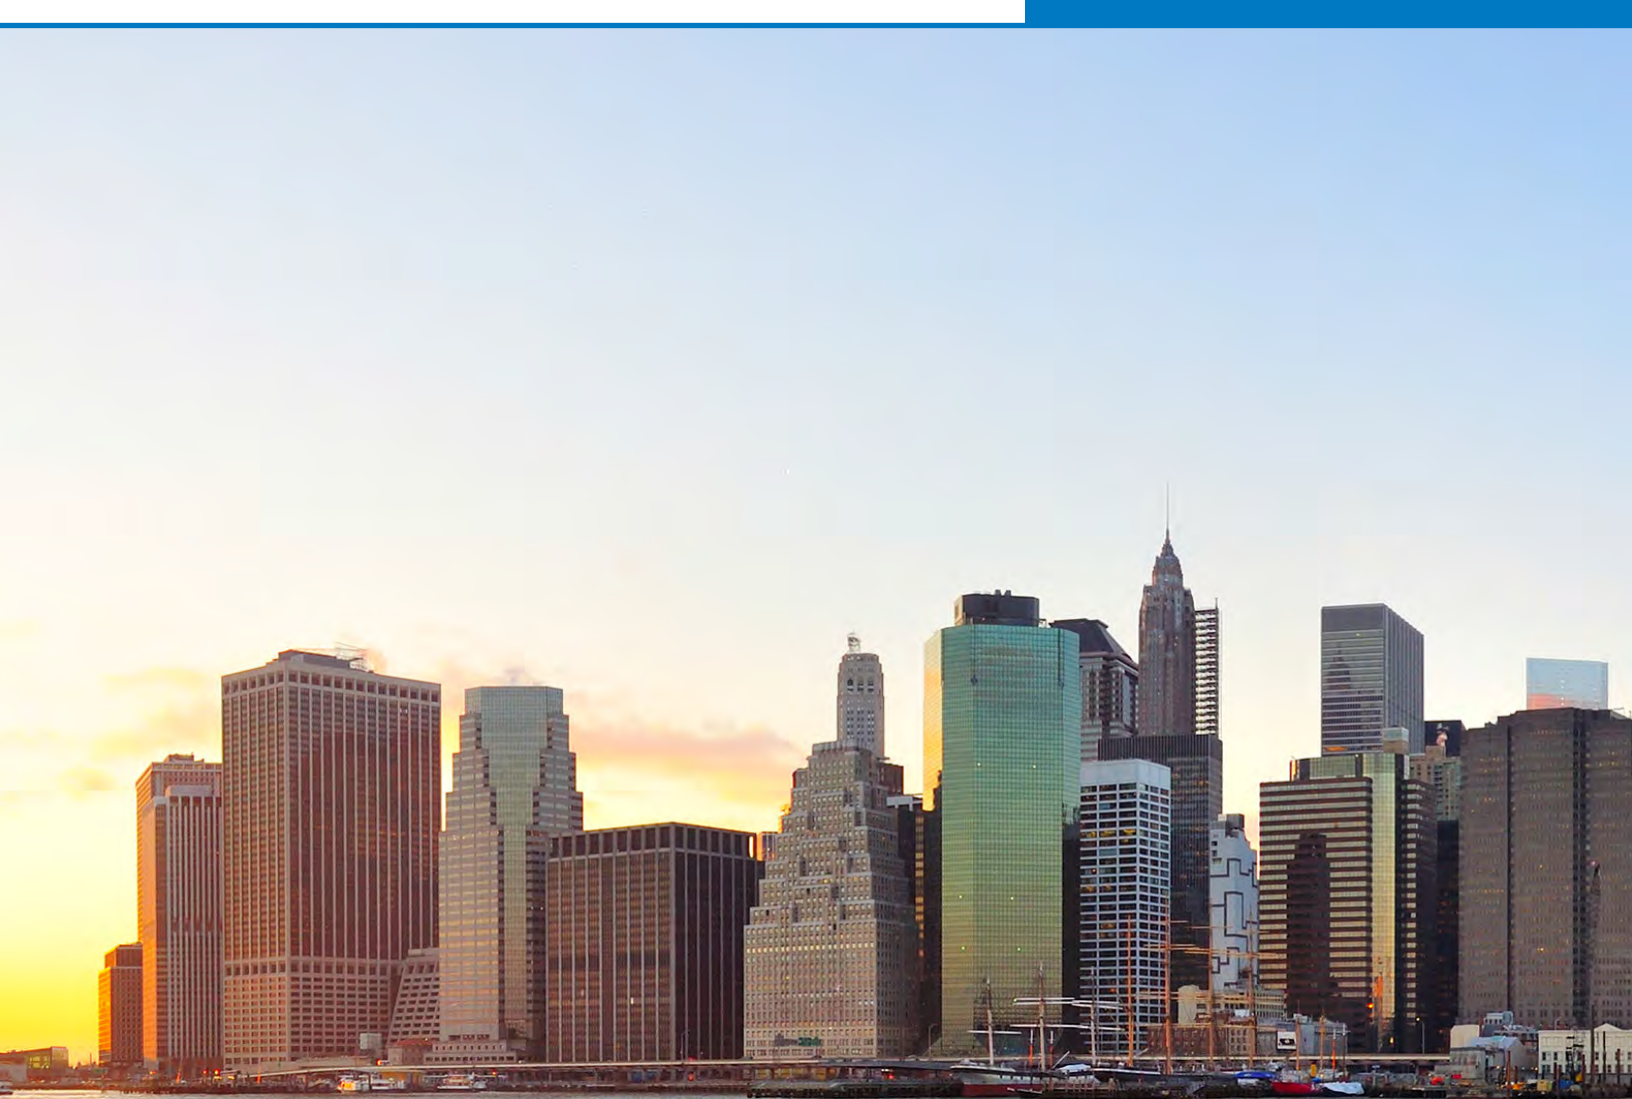

- Verna Shamblee, Director of Facilities at Macmillan.

*"We were particularly pleased with the level of service we received from Idesco, especially in terms of being willing to coordinate between Public Safety, the general contractor and the trades, and, especially, with our ITS department. By keeping all of us informed early on, Idesco prevented many of the headaches normally associated with this scale of project."*

- Gene Palma, Executive director of Public Safety and Transportation at Adelphi University.

*"With the thousands of transactions that occur daily, we are thrilled with the number of granted entrances or non-granted entrances. We could have so many complications, but everything works flawlessly. We couldn't be happier."*

- George D. Yang, Administrator of ID Center/Public Safety at Baruch College.
